## TRAVELER

We do deliver, the cost depends on location

Traveler was one of the first ESCAPE designs that captured the hearts of people. Livability is everywhere with full size appliances, a large bathroom and double lofts. Windows allow for plenty of natural light and a feeling of being connected with the outdoors...simply beautiful.

## TRAVELER XL

We do deliver, the cost depends on location

The design of Traveler XL was inspired by Frank Lloyd Wright...bands of glass, soaring ceilings and incredible use of space. Traveler XL feels so big! The exterior is cedar and weathered steel with beautiful fenestration...detail is everywhere. The design incorporates a vaulted ceiling with one or two lofts, large kitchen area, living area, separate bedroom and full bathroom...it is one of the most loved ESCAPE units and has been noticed by tiny house lovers worldwide. This was the first ESCAPE unit design and we still love it.

## TRAVELER XLS

We do deliver, the cost depends on location

For the lovers of Traveler XL that need just a bit more, the Traveler XLS is the answer. A few feet longer than the XL, the XLS includes a walk around bed and more storage. Also even more windows and an even bigger feel. Sometimes bigger can be better.

## VISTA

We do deliver, the cost depends on location

Vista is an open design that is both sheltering and directly connected to nature. Craftsmanship is everywhere in the quiet, clean space. Vista is perfect for a guest house or inspiring office and is just right for that special space of your own to escape the stresses that invade all of our lives.

[Pricing](#)[Submit quote](#)[SALE](#)[Financing](#)

## VISTA BOHO

We do deliver, the cost depends on location

Every corner and space has a purpose in Vista Boho. Well-thought out use of essential features like a built-in bed, flip tables or the fold-flat couch give this unit a WOW-factor. Cozy, modern, clean are all words used to describe Vista Boho and its uses abound, including Airbnb or rental unit, private personal haven, or inspiring office.

## VISTA BOHO XL

We do deliver, the cost depends on location

Functionality in 213 square feet is no easy feat, but Vista Boho XL delivers. Enjoy an open layout or closed floor plan with separate bedroom, not to mention flexibility for all kinds of uses including Airbnb or rental unit, separate guest house or ADU, or a private personal haven.

[Pricing](#)[Submit quote](#)[SALE](#)[Financing](#)

## ONE

We do deliver, the cost depends on location

ONE is organic, natural, Zen. From the ancient Japanese Shou Sugi Ban style siding exterior to the soaring airy interior, ONE feels quiet, traditional and yet timeless with the flexibility to be used in dozens of ways to let you fully express yourself and serve your needs.

[Pricing](#)[Submit Quote](#)[SALE](#)[Financing](#)

## ONE XL

We do deliver, the cost depends on location

The ONE XL carries on the tradition of the ONE with a quiet, timeless design but with even more of everything: a larger bathroom, bigger upper decks and larger downstairs sitting or sleeping area. The kitchen is also much larger with many options. For those that want even more, the XLW is even wider proving an additional foot of horizontal space. There's a reason these units are so popular and it is the room... maximum room, maximum usefulness.

## The ESCAPE PROCESS

Hello, thank you for your interest in ESCAPE.

After many years and thousands of buildings, we have learned, sometimes the hard way, it is critical right from the start of any Escape purchase to document everything. Therefore, we do everything via email to prevent any miscommunication or misunderstanding.

There are three different ways to buy Escape units:

**1. Production units:** These are units that we build and customers buy from the sale page. For example, all EV (all-electric) units, like eVista and eOne, are sold only on the [sale page](#) on the website. The e-units cannot be ordered. Occasionally we can make minor changes if customers purchase an e-unit that is still in production. Once completed or near completion, no changes are possible. These units are in production constantly, meaning customers can have a unit immediately or in a short amount of time. See [here](#) for what is currently available.

**2. Custom units:** If you want options we do not offer, please read [here](#).

**3. Ordered units:** This is the typical method for models we offer other than the e-models. Occasionally you will also find models on the [sale page](#). The ordered unit process is the opposite method from the Production units as in this case the customer orders the unit, selecting options they want, and we build it. The process starts with customers submitting a quote online for the unit they want. Submitting a quote does not obligate the customer to anything as it is just a starting point. Note that there is a section for additional questions on the quote. Also, we only build the units currently found on the website.

Build time for units ordered by customers varies from 60-130 days from the funding date, but this can vary depending on time of year. For a delivery cost, we need to know the model, options and exact location for delivery. Note: we do not get involved in site selection and do not do site prep.

Yes we do offer financing, just click [here](#). For customers paying cash upfront for their unit, there is a discount which depends on the model and options selected. Units on the sale page do not have a cash discount.

Please be sure to also read the [FAQ](#) as it has important information including details about utilities and type of pad needed for an ESCAPE unit.

We always recommend that customers see and/or stay in a unit, which you can do [here](#). We do not keep models at our plant and we are not doing tours currently due to COVID restrictions.

Please also look at the pictures and videos [online](#) to see various layout combinations and specific options. But please know that because there are so many different options, you may not see the exact combination you're looking for. The pictures and videos are there to give you a sense of each building and cover the basics. You can also download the brochure from the website. We do apologize as due to model changes and availability issues, items used in units can vary from some of the pictures and videos on the website.

If you would like to speak to someone by phone, we schedule calls in advance. We do apologize as the delay sometimes can be lengthy and is many times at least a few weeks out.

Again, if you want or need to buy a unit quickly, please check [here](#).

Thank you again for your interest in ESCAPE and we look forward to building for you!

### **Anna, eONE XL Owner ~ Sonoma, CA**

"It's incredible how this unit came onto the sales page last Thursday and is on our property the following Friday. It is a beautiful unit and we are very happy with it."

### **Steve & Jenny, Boho XL Owner ~ Madeline Island, WI**

"We absolutely love our BOHO XL. We ordered it during the pandemic and, to our delight and surprise, it was ready in two months! Escape arranged delivery and coordinated with us every step of the way. I can't say enough about how much we love our unit. Thanks for building such a wonderful product."

### **Jack, Traveler XLS Owner ~ Atlanta, GA**

"Just wanted you to know that delivery and set-up was AWESOME. The fit and finish looked really superior...there are lots of clever little touches."

### **Dion, eVista Owner ~ Mt. Shasta, CA**

"The eVista is home at the base of Mt Shasta. It's gorgeous. TY!"
